REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Jaffrey:

I herewith submit to you my ninth annual report, this being the eighteenth under union supervision.

The enrollment for the school year 1925-26 was 496, with 54 in the Conant High School. During the first term of the present year the total enrollment increased to 518, with 68 in the high school. This number is the largest since the school year 1919-20, when there was a total enrollment of 525. There was an especially large registration in grade one, of over sixty pupils, and after carefully considering the situation it was decided to take over the room which has been for several years used by the American Legion. This room has been fitted up with movable seats and twenty-four pupils were assigned to this school. The indications are that there will be fully as large a first grade next September as last, and if so this room should be continued as long as the enrollment in the primary school remains at or near the present number.

There were but few changes in teachers at the close of the last school year. Miss Alice P. Phinney, who taught English and history in the high school during the past two years, accepted a position in Canton, Mass., and her place was filled by Miss Elizabeth S. Doty of Hillsboro, N. H., a graduate of Wheaton College.

Miss Margarita S. Glancy, teacher of French and Latin last year withdrew to accept a position in Massachusetts, and her position was filled by Miss Grace C. Cunningham of Franklin, N. H., a graduate of the University of New Hampshire.

Miss Mae J. Jackson, who has for four years been teacher of grades VII and VIII, retired to accept a position in Attleboro, Mass., and was succeeded by Miss Miriam E. Stevens of Franklin, N. H., a graduate of the three year course at Keene Normal School.

There were no changes at the primary building at the opening of the school year, but the opening of the new first grade room necessitated another teacher, and for this position Miss Elizabeth Peckham of Concord, N. H., another graduate of the three year course at Keene Normal school was chosen.

The schools in districts number 3 and 4 have been continued as last year with cadet teachers sent for periods of nine weeks from the senior class at Keene Normal School. These teachers have generally given good satisfaction, and two of last year's teachers in number 3 were given primary positions in other schools in this union.

The evening school opened this year early in November instead of about the middle of October. The enrollment has been about the same as during the past two or three years, and good interest has been shown by those who have attended.

During the summer the Parent-Teacher Association arranged a clinic for the removal of tonsils and adenoids in several of the most aggravated cases. As finally carried out part of the patients were operated on in their own homes and the rest taken to the hospital at Winchendon. In this matter Drs. Sweeney and Hatch of East Jaffrey, Dr. Bone of Gardner and Dr. Henry of Winchendon and Miss Hiller, our school nurse contributed their services.

The Parent-Teacher Association also carried on the summer playground instruction for six weeks under the

direction of Miss Evans.

During the summer vacation the interiors of the primary rooms were painted and considerable painting and repairing was done at the high school building. It was also decided to employ the janitor of the high school building on full time during the year, so that all the cleaning and much of the repairing was done under his direction.

Early in December Mr. Walter Lindsay, who has been janitor of the primary building and Union Hall for more than twenty-four years, retired from service. The pupils and teachers of the primary schools joined in presenting Mr. Lindsay with a handsome watch as a token of their deep appreciation of his long and faithful services.

It will be necessary to increase the appropriation for elementary school purposes fully \$1,500 to meet the added expense of the new room opened this year, the extra amount required for repairs, and other necessary expenses.

Last year the amount called for under the high school appropriation was reduced some \$2,000 from the previous year on account of the Durant Fund. I believe that the ordinary amount required should be raised for high school purposes and that the income of this fund should be expended for the high school for such additional requirements as are needed from year to year and would not be ordinarily cared for under the usual appropriations. For this coming year I believe a start should be made in grading the grounds at the high school.

The Parent-Teacher Association has continued its interest in school affairs, and last year established an annual scholarship of \$100 for some worthy member of the senior class who has maintained an average of at least 85 per cent. during their course and who desires to enter some higher institution. The scholarship for the present year was awarded to Miss Alta Hill who entered Keene Normal School.

The work of the high school and of the grades has

been very satisfactory during the past year. We are at present giving careful consideration to certain suggested changes in the work of grades seven and eight as well as the first two years of senior high school. If such changes are found to be advisable they will be put into effect at the opening of the next school year.

I wish at this time to heartily thank all who have so loyally co-operated in the work of our schools.

Very truly yours,

LEWIS S. RECORD,

Superintendent of Schools.

East Jaffrey, N. H.
February 1, 1927.

REPORT OF HEALTH DEPARTMENT

Since my appointment Sept. 7, 1926, there has been three cases of Scarlet Fever and one of Diphtheria.

With splendid care by the parties quarantined, no new cases or serious results occurred.

Of seven complaints reported to me, five have been corrected, and the two others will be as soon as the weather will permit.
